Ground rules

To achieve effective Community Engagement Forum meetings all participants are expected to follow the following Ground Rules for conduct during meetings.

- Attendance sign in - register your name in the chat box
- Keep a clear background and avoid noise and movement
- Mute at all times until acknowledged by the Chair and invited to speak (don't forget to unmute!)
- Raise your hand to speak by clicking the icon, or waving your hand - wait for the chair to acknowledge you
- Give the details of an issue where possible (who, what, when, where, why)
- Only one person to speak at a time - you will have a turn to be heard
- Treat people and organisations with respect, and please don't talk for too long
- If you disagree with something concentrate on the issue you are talking about not the person involved
- Do not raise your voice in anger, intimidate people or be derogatory
- If you have an unaired query talk to the Community Engagement Officer after the meeting
- If you are concerned that the ground rules are not being respected please raise this with the Community Engagement Officer as soon as possible.

Consultations

This is your opportunity to let us know what you think about local services, issues and events and to keep up to date with consultation and involvement activities taking place across South Gloucestershire.

From here you can "Have Your Say" on current issues by filling in online questionnaires, commenting on plans or taking part in on-line discussions. You can look at planned, current and past consultation and involvement activities, look at the results of these and how they have been used. If you register with us and tell us the issues you are interested in, we will contact you when an activity is due to take place or you can join in an activity as and when they happen.

Comments about planning applications should be made separately - [View and comment on planning applications online](#).
